

Smile More – It's The Law!

7 Rules To Keep You Smiling More

Thank you for enrolling in the School Of Smile. By reading these 7 rules, you will automatically become qualified to Smile More :-)

1. Daily Smile

Remember to smile each and every day, even if you don't feel like it. Smiling makes you feel good and quickly becomes a healthy, happy habit.

2. Smile Inside

Smile on the inside as well as out. It's important that your smile is always genuine – don't be a smile phony.

3. Spread Smile

Just like a cold (only a lot nicer), a smile is catching. First you smile, then your friend smiles, and before you know it the whole world is smiling.

4. Words Of Smile

It's just as easy to say nice things as it is nasty. Kind words are uplifting; they help us feel the power of a good smile.

5. Lost Smile

If your buddy has lost their smile, help them to find it again. It won't have gone far and should be easy enough to track down with a few good jokes.

6. Be Happy With Your Smile

Smiles may seem bigger elsewhere, but don't be tempted. Be happy with the one you already have.

7. Smile Stoppers

Avoid them at all costs. They are incredibly unpredictable and should not be approached.

Keep following these rules on a daily basis. Aim high, strive to achieve maximum happiness.
